

N2-GEN® 4 HC - Deployable Compact Nitrogen Generator

Introducing the N2- GEN® 4 HC - *Deployable Compact Nitrogen Generator* for use with Optics and Night Vision devices. On-demand Nitrogen Generator eliminates the need for high pressure bottles and outside Nitrogen source. The N2-GEN 4 HC is a mobile Nitrogen Generator designed for quick deployment at site N2 Generation. Designed & Manufactured by South-Tek Systems, the leader in Nitrogen Generation Technology.

Demand

Nitrogen has been utilized successfully for years and has been proven to protect against moisture, NVD's, and optics. Nitrogen, which makes up 79% of the air we breathe, is the perfect solution for moisture protection. Nitrogen is inert and by displacing the oxygen within optics parts with a low pressure slow flow Nitrogen purge, you eliminate oxygen and moisture during maintenance.

N2-GEN® 4 TECHNOLOGY

- The air contains 79% Nitrogen; our systems mechanically filter out the other gases, concentrating the N2 into a storage tank for your process usage.
- Condition Based Maintenance (CBM+)
- Significantly Lower Life Cycle Cost - Can replace all current Nitrogen charging purge kits.
- No Special Tools required
- Imbedded Diagnostics
- Sustainment and Field Level platforms available
- Increased Safety - Eliminates high pressure bottles
- High reliability due to simple airflow designs
- Utilizes lower operating and delivery pressures
- Nitrogen on demand as needed

NITROGEN

- Inert, clean, dry, non-flammable gas
- Has a true -40° to -70° F dew point
- Does not support the corrosion reaction
- Prevents the formation of ice blockages
- Prevents oxidation of non-metallic components
- Targets both Aerobic and Anaerobic Bacteria

Night Vision Devices

South-Tek Systems, the Leading Designer and Manufacturer of Nitrogen Generation Technology

South-Tek Systems, LLC
2940 Orville Wright Way
Wilmington, NC 28405

N2-GEN[®] 4 HC Specifications

N2-GEN[®] 4 HC
*Deployable Compact Nitrogen Generator
with External Connections*

N2-GEN[®] 4 without Hard Case

Engineering Specifications

N2-GEN[®] 4 HC Nitrogen Generator Includes:

- Mobile Hard Case
- Case can remain closed during operation
- Integrated 1/2 horsepower compressor
- N2 Storage Tank included
- Optical Air Purge Kit Connection included
- Integrated BlastOff™ - Leak Detection System
- Built-in Service Indicator
- Electrical: 110 Volts / 60 Hz / 1 Phase
- Quick disconnect on both the intake and discharge of Storage tank
- Threaded Chuck for E1255 connection

Product Specifications

Series: N2-GEN [®] 4 HC	Hard Case
N2 Purity	99.0+%
N2 Pressure Out (max)	100 PSIG
N2 Storage Tank	5 Gallons
Case Size (in)	28 x 20 x 52
Case Weight (lbs)	175
Maintenance	Annual (Filter Kits)
Warranty	2 Years ¹

¹ Per South-Tek Systems Terms & Conditions.
