

The Wilcox *Line of Weapon Grips* features a patented mounting interface which allows for quick attachment to the MIL-STD-1913 rail. This line features non-powered grips: one with a steady mount and one with a collapsible mount that stows below the weapon rail. A Universal Control Grip provides unsurpassed control of a variety of weapon mounted lasers and tactical flashlights.

FEATURES

- Ergonomically Correct Grip is Ribbed Vertically and Horizontally to Prevent Slippage During Weapons Fire
- Optional Removable Bipod Extends with the Push of a Button and Easily Collapses to a stowed position
- Optional Removable Battery Stowage Compartment Easily Threads on in Place of the Removable Bipod, Providing Stowage for Two (2) 123A Batteries
- Flats Located Left and Right of the Grip Allow Attachment of Remote Connector Cables (Sold Separately) for Controlling a Variety of Lasers and Tactical Flashlights
- New Integrated Electronic Design Eliminates Strip Switches that Interfere with Operation for which the Vertical Grip is Intended
- Simple Pre-Select for Flashlight, Laser, or Flashlight and Laser
- Provides Momentary or Constant Activation
- Ergonomically Positioned Activation Buttons Located on Left or Right Side Allow for Control of the Flashlight and Laser without Losing Grip during Operation.

PRODUCT SPECIFICATIONS

The Wilcox Line of Weapon Grips features a combination of the following components, based upon model selected:

1. Optional Remote Connector Cables interface with an attached Laser (ATPIAL, and the AN/PEQ series of lasers) or the Wilcox Multi-Function Tail Cap Switch (for interfacing with the SureFire line of flashlights); Cable Sold Separately.
3. Left and Right Activation Switches provide control of laser (left) and flashlight (right). Provides momentary operation with single tap and constant on with double tap.
4. A Center Selection Switch allows the Grip to be powered On or Off.
5. A Robust Cam Lock Mechanism provides an easy lock-on attachment to the bottom MIL-STD-1913 rail.
6. Retractable legs pivot to ease rotation of the weapon when used in a prone position.
7. A Lock Release Button provides spring action release of retracted optional bipod legs.
8. The Universal Control Grip requires two remote cables (Cables Sold Separately).

SPECIFICATIONS

Weight (without Batteries):

41900G01	0.44 lb (7.04 oz)
41900G04	0.34 lb (5.44 oz)
41900G11	0.78 lb (12.48 oz)
41900G12	0.80 lb (12.80 oz)
41900G16	0.74 lb (11.84 oz)
41900G17	0.76 lb (12.16 oz)
46200G01	0.42 lb (6.72 oz)
46200G04	0.32 lb (5.12 oz)
46200G02	0.63 lb (10.14 oz)
46200G03	0.42 lb (6.72 oz)
