DIFFERENTIATORS

- ASU uniquely provides one-stop-shop service --NVGs, Training, Lighting, Service for rotor-wing and fixed-wing aircraft
- ASU walks our customers through the entire process – FAA, EASA, TCCA, CASA, we're not finished until it's certified!
- ASU advocates on behalf of our customers with Regulators – export, performance, certification

COMPANY DATA

In 1995 Aviation Specialties Unlimited, Inc. (ASU), was established in Boise, Idaho, to meet the growing demand for aviation night vision. Since then, ASU has become the preferred partner for rotor- and fixed-wing night vision aircraft operators. ASU designs, manufactures, installs and obtains certification for night vision lighting systems and night vision goggles (NVGs). ASU provides initial and advanced flight and ground training services. ASU sustains our products and services through our FAA approved Repair Station and PMA shop. ASU is a global provider of NVG services and product for our military and civil customers.
