### INCLUDES

- › Torque screwdrivers
- › Torque adapter, eyepiece
- › Hex wrenches
- › Wrench, close focus stop ring
- › Tube retainer wrench
- › Spanner wrench
- › Rugged locking case
- › Operator's manual

### DETAILS

This portable specialized tool set will simplify the disassembly and reassembly of the AN/PVS-14 monocular night vision devices both in maintenance facilities and in the field making preventive maintenance checks and services (PMCS) a breeze. The torque drivers in this tool set are factory calibrated to the torque values proven by goggle manufacturing processes to provide the best lock ring and tube retainer ring tightness without overstressing.
